TESTIMONIALS

"Fact that furnished apartments, utensils, pots and pans, toilet paper with a bow on it when they came in with everything, is a nice transition. Oh I forgot pots and pans but HD got me! (Extra amenities aren't common in the real world)"

"Nice transition to adulthood."

"Having the burden of apartment searching lifted off my shoulders was a major factor"

"A place for my duck to call home, away from home."

"I love that you all clean the apartment over winter break."

"Why did I sign up so early? I have a child that's always late for class, always oversleeping, and I need to know that I have the best chance at getting him an apartment that's as close to campus as possible"

"I live out of state so it gives me piece of mind knowing my child is in good hands."

"His first choice was the Towers - and eventually got off the waitlist. But he already knew who his roommates were, already felt like he had a plan, so he let the Towers go since they would match him with random roommates"

"Flexibility is great - if he wants to stay for the Summer he can but otherwise he's not paying for it!"

"It's a win-win! Independent off campus living with convenient services for support!"

3. Zoom Meeting

You'll be set up on a zoom call (cameras on!) to meet potential roommates where you will have the chance to ask them questions and get to know each other.

4. Confirm Your Group

After the meeting, we will privately check-in with everyone to see how the call went. Let us know if you'd like to move forward as roommates and/or any questions/concerns.

Now that you've found your perfect roomies, your group will be added to the housing selection queue.
